

CRIOCM2019

24th International Symposium on Advancement of Construction

Management and Real Estate

(29th November- 2th December, 2019, Chongqing, China)

The Chinese Research Institute of Construction Management (CRIOCM) in collaboration with Chongqing University (CQU) has the pleasure to invite academics, researchers, professionals to participate in CRIOCM 2019, the 24th International Symposium on "Advancement of Construction Management and Real Estate" in the context of the new era. This symposium serves to provide a platform for sharing the latest achievements, research outputs and advancement between frontier disciplines in China and overseas, offering important reference for advancement of construction management and real estate.

This symposium will be held in School of Management Science and Real Estate (MSRE), Chongqing University (CQU), Chongqing, China. CQU is one of the top 1% universities in China. It has been included in the "Double-First Class" initiative, which aims to build a number of world-class universities and disciplines by the end of 2050. The University was founded in 1929 and it has over 5200 academic staff and 46,000 students from seven faculties in Science, Social Sciences, Humanities, Engineering, Built Environment, Information Science and Technology, and Medicine. The school of CMRE has a history of over 37 years. CMRE is one of the largest schools concerning construction management and real estate in China.

Chongqing is the youngest municipality and one of the five central cities in China. Chongqing is a city with quality ecological environment, abundant natural resources, diverse cultures, tradition, and modernity. Chongqing has a number of names, such as an industry base in Western China, an economic and financial center in Upper Yangtze River, a logistic hub combining water, and a city of bridges.
